

Assignment – 15:

Problem Statement:

Write a C program to generate pseudo random numbers.

Code:

```
#include <stdio.h>
#include <stdlib.h>
#include <time.h>
int main()
{
    int i,n;
    printf("Enter the number of random numbers to generate: ");
    scanf("%d",&n);
    srand(time(0));
    printf("Pseudo-random numbers are:\n");
    for (i=0;i<n;i++)
    {
        printf("%d\n",rand() % 900000+100000);
    }
}
```

Input & Output:

```
Enter the number of random numbers to generate: 5
Pseudo-random numbers are:
703422
377186
927796
290972
551786
```

Enter the number of random numbers to generate: 8

Pseudo-random numbers are:

585904

603034

185710

898627

604933

299959

330540

430217
